10 STEPS YOU CAN TAKE TODAY

**Want to take charge of your health, wellness, and success?
Here are 10 steps that can move you closer to your goals – today.**

- Exercise my faith in my career. Sometimes there are things beyond my understanding — only my convictions can help me decipher life's codes.
- Share the blessings I receive from above. An excellent way to show gratitude is to pay it forward to those in need.
- Spend time practicing and nurturing my spirituality. Faith is like a muscle; it needs training before it gets stronger.
- Aim to live in a state of surrender and acceptance. Miracles come at the right moment when I remain in an accepting state of mind. I need to submit and realize that the Higher Power has my back.
- Always look for the good in the world. The Divine always provides. Those who know where to look will always realize we all live in abundance.
- Pray, listen and allow myself to be transformed by the Divine. Transform my faith into action. Actions truly speak louder than words. What's a better way to model the goodness of the Lord than to live as an example of his grace?
- Make my audience a part of my project. Engage my audience so they feel like they're a part of what I'm creating. This will plant the first seed of interest in my project which will grow into an overflowing crop of a larger, engaged audience.
- Be open to learning and to new possibilities. Each person I encounter can teach me to become a better person and can help me create world-changing content. Don't let my arrogance and candor interfere with what others can teach me.
